## SASKATCHEWAN SCOUTING FOUNDATION

### APPLICATION FOR WILDERNESS CAMPING SCHOLARSHIP

Scouts Canada aims to develop youth physically, spiritually and emotionally. As a result, the youth which participate in Scouting gain skills to enjoy and survive in wilderness situations while becoming self-assured, responsible, environmentally conscious citizens. In Saskatchewan, part of this mandate is addressed through the three Provincial program camps (Campanoe, Pianue and Wilderness Rendezvous) which occur in July and August. These camps offer progressive programs which are 4-7 years in length for youth ages 10-17. It is apparent upon the completion of the program that the youth are more mature, self-confident, determined and responsible individuals. Unfortunately, not every youth has the opportunity to experience these life-changing programs. Although the program costs are very reasonable, all three of these camps do require specialized equipment. In order to provide quality programming to all youth, we have created the Wilderness Camping Scholarship. The scholarship will cover the significant costs of these summer camps, included equipment, for the selected youth. While our main focus will obviously be to provide assistance to our existing membership, the long term goal is to offer these programs to youth not in the Scouting program. Since Scouting is available to youth of any gender, race or religious affiliation, no child should or will be left behind. The Scouting program is already changing lives every day. With the inclusion of the Wilderness Scholarship we will continue to make a better world for tomorrow, one day and one child at a time.

#### 1. Name/Address/Phone/E-Mail Of Applicant

#### 2. Name/Address/Phone/E-Mail Of Sponsor

3. Recommendation from Sponsor (Tell Us Why?)

In an attached letter tell us how you feel this youth would benefit from the scholarship, including any pertinent background information. What plans are in place to retain this youth in the Scouting program? Which summer program might be best suited to this individual?  
Include it, sealed in an envelope, with the application.

4. Applicant – In a few brief statements please specify what you expect to take away from this camping opportunity, what you hope to learn and how you think this experience will benefit you now and in the future.

--

5. Applicant - We strongly encourage all youth to be committed, both financially (if possible) and through some type of volunteerism, to Scouting activities. Please share with us how you will meet this commitment.
